

RECYCLED POLAR BEAR LANTERN

1 hour

all ages

indoor fun

What you need

- Milk bottle
- Tissue paper
- Pens
- PVA glue
- Scissors

What to do

1. Rinse out and cut off the bottom of a milk carton.
2. Tear some tissue paper into small pieces and stick it to your milk carton using PVA glue. Research images of the Arctic sky and northern lights for inspiration.
3. Print off this picture of a polar bear and stick it in its snowy habitat. Make sure the polar bear has everything it needs to survive; sea ice to hunt, seals and fish to eat and a den for its cubs.
4. Why not research which other animals live in the arctic and draw them on your lantern?
5. Decorate with stars and patterns.
6. Place an LED light in the lantern and light it on Earth Hour to celebrate our amazing planet.

A MILLION REASONS TO CELEBRATE EARTH HOUR!

Every year millions of people around the globe switch off their lights for one hour to show they care about our planet. But it's not just about one hour on Saturday 24th March 2018.

We're here to inspire you in the run-up to Earth Hour to take part, show your support, and help take a stand on climate change issues.

We'll be sharing loads of creative ideas on cool crafts and amazing activities to help you plan your best Earth Hour yet.

You can share your stories and images by emailing us at schools@wwf.org.uk – or share on social media by using [@EarthHourUK](https://twitter.com/EarthHourUK) [#EarthHourUK @wwf_uk](https://www.facebook.com/wwf_uk).
