

OWL PLASTIC BOTTLE LANTERN

What you need

- Scissors or scalpel for tricky bits under adult supervision
- Brown acrylic paint
- Decorative pens in gold, silver and white
- LED tealight.
- Marker pen

What to do

1. Cut the top off the bottle so $\frac{3}{4}$ of the bottle remains
2. Using a marker pen, draw an image of an owl – include wings, eyes, breast feathers and brow feathers. You can use our drawing to help you!

TOP TIP

Why not re-use your owl as a pen pot after Earth Hour, until next year of course!

indoor fun

3. Cut out some of these shapes to have points where the light can shine through. For example the eyes, breast feathers and beak.
4. Paint with either white or brown acrylic paint or poster paints mixed with PVA Glue to help the paint stick to the plastic surface. Leave to dry.
5. Decorate with décor pens which work well on plastic.
6. Place an LED tealight inside and light up on the 25th March to celebrate Earth Hour.

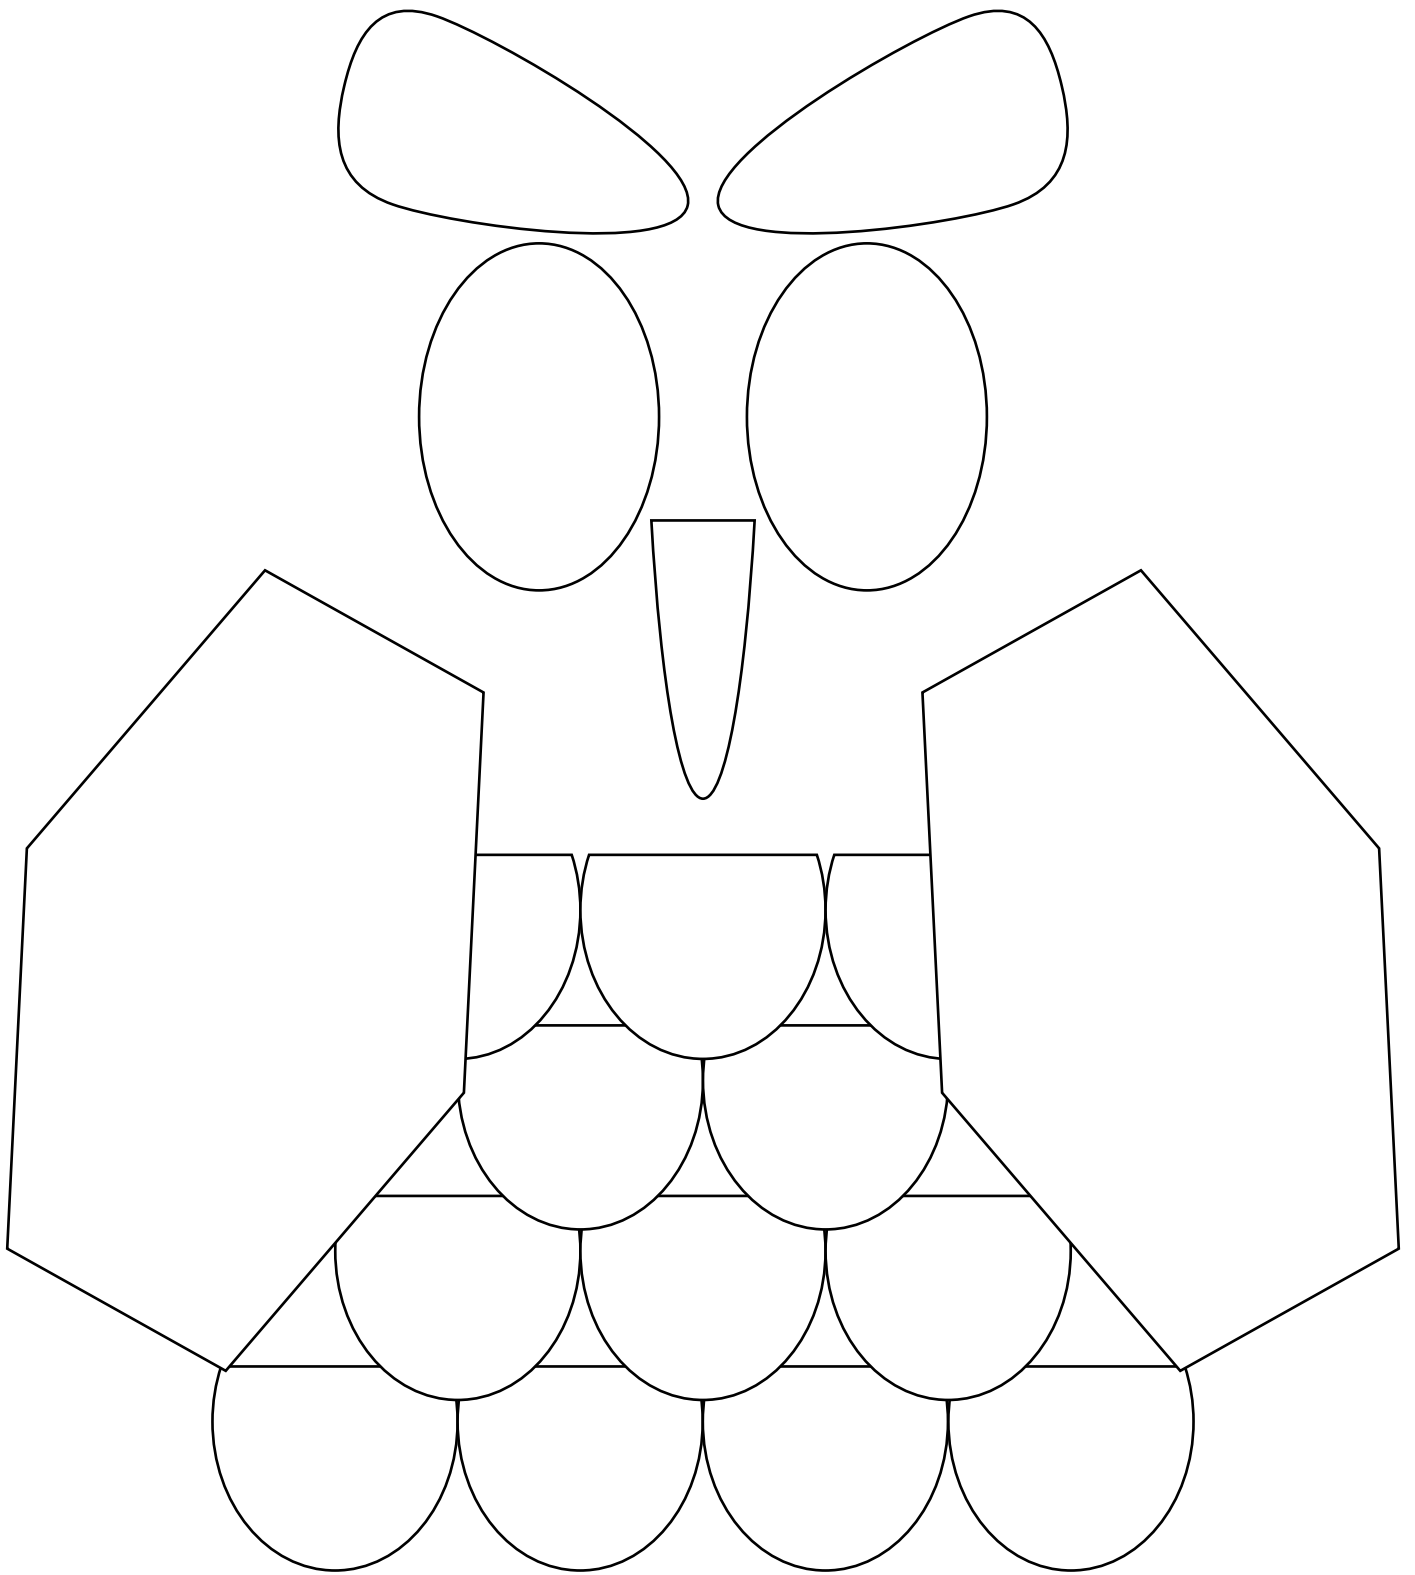

A MILLION REASONS TO CELEBRATE EARTH HOUR!

Every year millions of people around the globe switch off their lights for one hour to show they care about our planet. But it's not just about one hour on Saturday 24th March 2018.

We're here to inspire you in the run-up to Earth Hour to take part, show your support, and help take a stand on climate change issues.

We'll be sharing loads of creative ideas on cool crafts and amazing activities to help you plan your best Earth Hour yet.

You can share your stories or images with us by emailing us at youth@wwf.org.uk - or via social media using [@wwf_uk](https://twitter.com/wwf_uk) #EarthHourUK
