

DO IT FOR YOUR PLANET

MAKE AN EARTH HOUR WISHING WAND

What you need

- Cardboard from recycled packaging such as cereal boxes
- Small piece of recycled acetate or packaging film
- Colouring pens
- Scissors & glue
- A recycled paper art straw to make the wand

What to do

1. Draw and cut out two identical star shapes.
2. On both stars, draw a line 1cm in from the edge and cut it out, removing the middle of the stars.
3. Cut out a piece of recycled acetate or packaging film the same size as the star.
4. Glue together the two star shapes with the recycled acetate placed in the middle.
5. Decorate the cardboard with colourful pens and patterns.
6. Think about something you care about and want to protect. Draw your design onto the acetate.
7. Use a paper art straw or tightly roll up a piece of paper to make a wand. Stick to the back of the star.
8. Write your promise for the planet around the edge of the star or add paper streamers with your message.
