

BUTTERFLY FEEDER

Support your environment and create a friendly area in your garden.

What you need

- A bamboo cane
- A recycled bottle top
- Some recycled wrapping paper
- A laminator
- A tack/drawing pin or similar
- Cotton wool
- Sugar and water syrup
- Blue tack

30 min

all ages

outdoor fun

Instructions

1. Cut the wrapping paper into a large flower shape and laminate.
2. Place the bottle top in the middle of the laminated flower shape and push the tack through both the bottle top and the flower shape so the point of the tack comes through. Ask an adult to help you.
3. Place a small ball of blue tack at one end of the bamboo cane to keep the top from falling off.
4. Push the laminated shape and bottle top point first into the blue tack.
5. Place in the garden in full sun, add a small amount of cotton wool and drip some of the sugar syrup onto the cotton wool.
6. Sit back and enjoy watching butterflies visit your feeder.
7. Top up the feeder regularly with sugar syrup to invite more butterflies to your feeder.

TOP UP THE FEEDER REGULARLY TO ATTRACT MORE BUTTERFLIES
