

TIGER DOOR HANGER

The beautiful, awe-inspiring tiger is one of our planet's most iconic animals. But wild tiger numbers dropped by more than 95% since the beginning of the 20th century. Now, for the first time in conservation history, their numbers are on the increase.

We aim to help double the number of wild tigers to over 6,000 by 2022 – the next Chinese year of the tiger. Help celebrate tigers with these fun craft ideas.

What to do

1. Print this cute tiger door danger.
2. Carefully cut around the door hanger and the three tiger heads. You may need to ask an adult to help you.
3. Hang the tiger door hanger over the door knob by its long tail.
4. Using blue tac, stick the tiger face onto the tiger, where there is a space.
5. You can choose which face you like, to tell people how you are feeling; wide awake, sleepy or fast asleep!

DID YOU KNOW?

A tiger's tail is between 72-109cm long depending on the which type of tiger it is, but it is usually less than half its body length.
