LION MASK

Powerful and majestic, the king of the beasts has no natural predators. But unthinkable, African lion numbers have plummeted by over 40% in the last three generations, due to loss of living space and conflict with people. Help celebrate these incredible big cats by creating your very own recycled lion mask!

What you need

- A collection of recycled cardboard packaging
- Colourful tissue paper
- Sugar paper
- PVA glue
- Strong glue or tape

DID YOU KNOW?

Lions are the most sociable of all big cats.

Instructions

1. Collect some recycled materials and packaging. Egg boxes, milk bottles and cereal boxes all work well.
2. Arrange your recycled materials until you have made a lion face. Use a picture of a lion to help you.
3. Stick down the lion features with strong glue and leave to dry.
4. Have fun decorating with pieces of colourful tissue and other craft materials. Make your lion mask as colourful as you like!
5. Cut strips of sugar paper and wrap them around a pencil. Hold them there for a minute and unfurl. Repeat this and then glue the curly strips to your lion mask along with some wool to create a dramatic mane. Roarsome!
