

GREEN AMBASSADORS 4 Youth

GETTING AROUND **Start**

Get informed

How do we travel?

Carbon particles on the loose

Carbon free chariot race

Coin toss mystery tour**

Carbon footprints

Travel choices

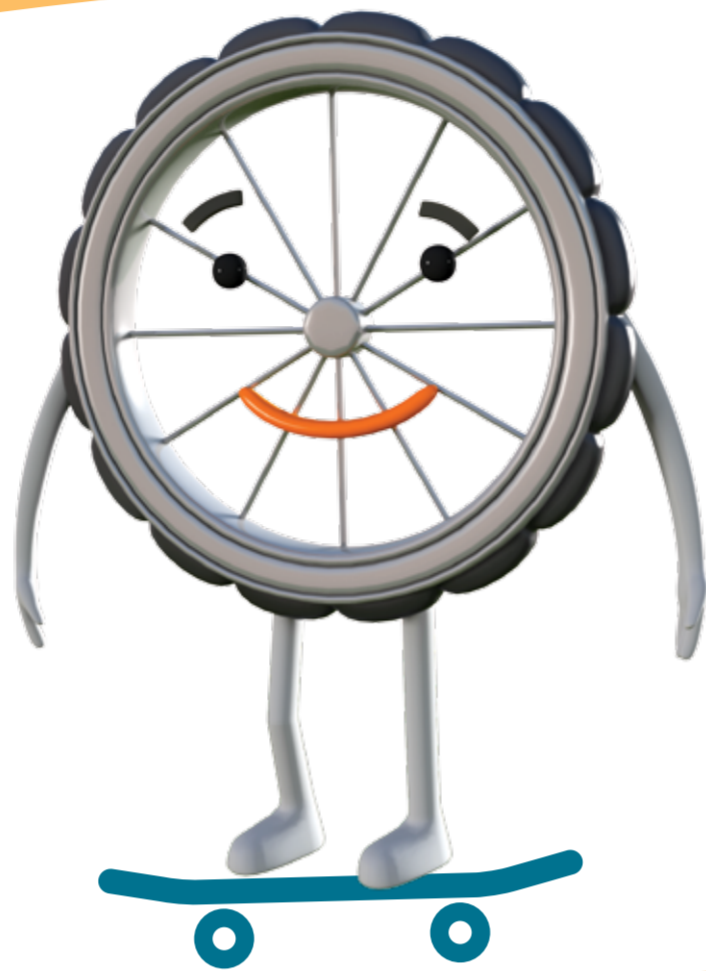

How do we travel?*

Climate change film*

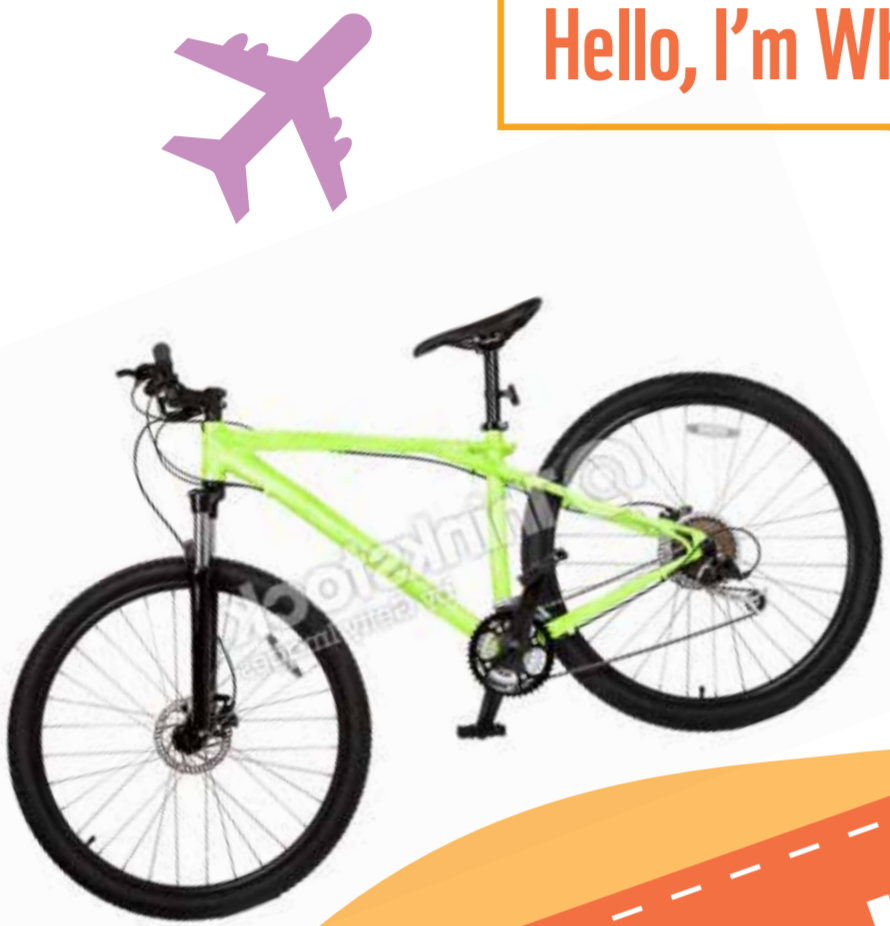

Transport orienteering*

Transport debate*

Hello, I'm Wheel

Travel and traffic is Wheel's expertise. A bit of a thrill seeker, Wheel knows everything about anything that moves. A great one for coming up with ideas.

Get involved

Wheel says...

"Cars and buses use fossil fuel which contributes to climate change - something that's threatening people and animals throughout the world. Help me to persuade people to use cars less and find other ways of getting around."

Get about challenge**

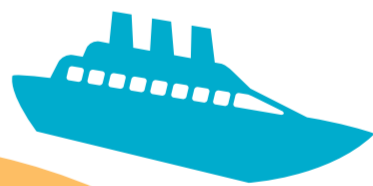

Alternative energy bike ride**

Sail bottle buggy races

Bike clinic**

Make a change*

You choose

We've flagged activities which we think are most suitable for older group members (10+) with a * and those for all ages with ** but it's really up to you!

Simply complete five activities from a theme, including at least one from each stage – get informed, get involved, get sharing and your group will earn a badge.

If you complete three or more themes then your group will also receive a special Green Ambassadors 4 Youth VIP badge.

Get sharing
