

# CELEBRATE EARTH HOUR 2020

This year's theme is about our connection to nature. These are just some suggestions which you can do at home, but if you have other plans, please do share them with us, we would love you to be as creative as possible.

1. Take our **footprint calculator challenge** and see how big your family environmental footprint is.

6. **Adopt an animal** affected by deforestation

2. Challenge your family! Test your wildlife knowledge with our **Wild Wisdom Quizzes**.

7. Check your paper products and packaging – do they have the FSC logo?

3. Use the **Seek app** and explore nature. Identify and learn about wildlife and plants in your garden or take a stroll.

8. Explore forest and jungles with our fantastic **Our Planet** films and activities.

4. **Attract wildlife** by making a bee/bug hotel, bird feeder or butterfly feeder.

9. Learn more about **palm oil** and its links to deforestation.

10. Learn more about **food connections** with climate change and biodiversity.

5. Learn fun facts about your favourite animal including the difficulties they face and **what WWF is doing to help**.

11. **Start your own vegetable garden** and explore the issues with food and our environment.

12. Make an Earth Hour poster and share online.

16. Get arty with one of our **wildlife inspired craft activities**.

13. **Make a recycled lantern** and light it on the night of Earth Hour.

17. **Orang-utan challenge:**  
A challenge to get from one point to another without touching the ground. A risk assessed course could be set up using things from around the house.

14. Write a story or poem about the trees and why they are so important.

15. Create a short film or news report set in the future – one with and one without trees. How different do they look? You could try using the 'Puppet Pals app.

18. **Mountain gorillas bean bag relay:**  
Move along on your feet and knuckles carrying a bean bag, or something similar, like a baby on your back. This can either be run between two points or a relay race.

# TELL US ABOUT IT!

We would love to know how you are engaging with Earth Hour 2020.

In England, @wwf\_uk and #EarthHourUK

In Scotland, @WWFScotland and #EarthHourScotland

In Wales, @WWFCymru and #EarthHourWales
