

WHAT IS YOUR FUTURE VISION FOR OUR PLANET?

The Living Planet Report shows that the way we are living on our planet at the moment is unsustainable, and that human activity is destroying the natural world and making it less able to provide for our needs.

The past is written, but the future is in our hands. Humans are the best problem solvers that have ever lived on our planet, and solving problems like climate change, loss of biodiversity and plastic pollution doesn't just mean having to sacrifice things we enjoy today. If we use our imaginations and work together we can create a world that works for nature but is also better for humans. Now is the moment that we can redefine the way we live and shape a future that doesn't just allow us to survive, but to thrive.

THE CHALLENGE IS SIMPLE: SHARE YOUR VISION OF LIFE IN THE FUTURE, WHEN BALANCE WITH NATURE IS RESTORED.

...WRITE A SPEECH FOR WORLD LEADERS THAT SENDS A MESSAGE ABOUT THE FUTURE YOU WANT TO SEE.

1. What things about the way we live today would you want to change?

...WRITE A SCRIPT FOR THE FUTURE VISIONS FILM

4. Who do you think needs to take action to make this future possible, and how might you help to bring it about?

...MAKE YOUR OWN SHORT FILM

2. What new technologies will we be using in the future to help us enjoy a comfortable life without harming nature?

5. What might you do as an adult in this future?

...WRITE A POEM OR SHORT STORY ABOUT LIFE IN THE FUTURE

3. How would it feel to live in a world in which people and nature are in balance?

6. Imagine you are in the future. Close your eyes and form a mental picture, and when you open them, write down everything you can remember about the experience.

...DESIGN AN INFOGRAPHIC POSTER

Where are you?

What can you see?

What can you hear?

What can you smell?

How do you feel?

...COMPOSE A SONG OR PIECE OF MUSIC
