WALES FOR YOUR WORLD

Answer sheet:

1. The population of Wales accounts for roughly how much of the UK's population?
c. 5%

2. Seagrass, wetlands and peatbogs are all Welsh habitats which help lock up carbon – and therefore help in tackling climate change. But which habitat is the best?

Peatbogs! In Wales, nine times more carbon is stored in peat than in all vegetation.

3. How many countries and territories now take part in Earth Hour?

a. Over 180!

4. What can we all do to reduce Wales' impact on the planet?

d. All of the above

5. What is Wales' National animal?

The Red Kite.

Did You Know: Red Kites were once driven to near extinction but are now thriving again in many parts of Wales thanks to conservation efforts.

6. Which animal is literally a 'small red cow' in Welsh?

a. Ladybird (Welsh = buwch goch gota)

7. Where in Wales would you find 3 newly painted Earth Hour themed poetry murals, created by local schoolchildren, Bardd Plant Cymru and WWF Cymru?

a. Treorchy, Cardigan and Rhyl

8. Earth Hour started in 2007 - but in which country did it start?

b. Australia - it started in Sydney

9. David Attenborough: A Life On Our Planet, Bafta nominated film, can be found on which streaming platform?

a. Netflix.

10. Which Welsh island is famous for its puffins?

b. Skomer.

There are also puffins on Bardsey, but Skomer is more famous!
