

WWF-UK CONSENT FORM

FOR PHOTOGRAPHY, FILM AND INTERVIEWS

FUTURE VISIONS PROJECT 2021

Thank you taking part in the WWF Future Visions Challenge, and for permitting WWF-UK to feature you or your creative work in outputs that we will use to share visions of a sustainable future with public and decision-makers in 2021 and beyond.

This form provides WWF with permission to store and showcase creative outputs provided with this form (photographs, videos, writing) by young people that they wish to release publicly. This form applies to those selected creative works, referred to below as 'creative contributions'.

The creative contributions may be shown in the media (both printed and digitally), at events, and on websites and social media platforms to influence and inspire people to reimagine a sustainable world. The creative contributions may also be shown at COP26 in Glasgow in November 2021, and in associated communications and events before and after, in order to prompt world leaders to consider the hopes of the next generation as they make decisions that will shape the future.

This form also allows WWF to store and publicly showcase videos and photography provided with this form in which you may be recognisable. These photos and videos, referred to below as 'documentary media', will be used only for non-commercial communications purposes to tell the story of this challenge, or to further the environmental mission of WWF.

WWF will store your creative contributions and documentary media securely and may reuse them in future communication materials.

If you agree to these terms and understand all of the below then please provide your details and sign this form. The form must be signed by someone over 18 with full authority to act on behalf of the young person responsible for the creative contributions and/or featured in the documentary media.
