# CHRISTMAS CHARADES

# HOW TO PLAY:

- Cut along the lines of the next pages to make your animal charades prompts.
- Put the prompts in a jar and shuffle well.
- Divide into teams- use wildlife team names to make it even more fun!
- Players take turn drawing a card out of the prompt jar. They act out the animals they have drawn, trying to make their teammates correctly guess the animal written on their prompt. No talking allowed!
- For each animal correctly guessed, the team gets a point.
- The game ends when the prompt jar is empty, or when a set amount of points is reached.
- The team with the most amount of points at the end of the game wins!

Want to make it harder (and possibly funnier) for extra points? Make an Action Jar by cutting out our Action Pack (last three pages of this document) and combine an animal prompt and an action prompt together!

Chimpanzee

Giraffe

Tiger

Rhino

Cheetah

Zebra

Panda

Moose

Polar Bear

Bison

Racoon

Warthog

Hippo

Meerkat

Deer

Kangaroo

Koala

Camel
