

Creature features: Build your deep sea discovery

**Happy
By Nature**

A daily dose of nature for every child

Choose one feature from each row to create your creature – or make up your own. Believe it or not, these are all real deep sea adaptations!

How they look	Armour Body – Real metal hard armour like a knight's, with tough plates for protection.	Octopus/Squid Body – Lots of tentacles for grabbing and exploring.	Jelly Body – Soft, stretchy, see through and able to survive deep sea pressure.	Eel Body – Long and wriggly for slipping into cracks.	Fish Body – Fast, agile and great for deep sea swimming.
How they move	Water Jets – Blast water to zoom in any direction.	Giant Fins – Glide as if flying underwater.	Body Wiggle – Wriggle like a snake or eel.	Walking Fins – Special adapted fins that work like legs.	Ride the Currents – Drift by riding slow deep sea currents.
How they see	Dome Eyes – Eyes in a clear dome that look in all directions – so nobody can sneak up.	Huge Eyes – For seeing brilliantly even in near darkness.	Stalk Eyes – Eyes on stalks for peeking around corners.	Electric Sense – Feel tiny electric signals from creatures nearby.	Heat Sense – Spot tiny temperature changes in the water.
How they eat	Giant Gulp Mouth – An expandable jaw able to swallow prey up to 10x your size.	Poison Spear Tooth – A harpoon style tooth that shoots forward with and injects a sting.	Goblin-Shark Jaw – A slingshot jaw that fires forward at record speeds and power to snap up prey in dark deep water.	Beak – A tough beak for snapping and crunching food.	Filter Feeder – Scoop tiny creatures as you swim.
How they glow	Glowing Fishing Rod – A dangling glowing lure to attract prey.	Glow Bombs – Drop glowing blobs to distract predators.	Blue Belly Lights – Camouflage yourself from below by hiding your shadow.	Alarm Flash – Flash bright colours to call for help or scare predators.	Rainbow Sparkles – Flash rainbow colours to confuse predators.
How they protect themselves	Inside Out Spiky Ball – Flip your body inside out to reveal sharp spikes.	Regrow Limbs – Lose a limb to escape, then grow it back later.	Transparent Body – Almost invisible to predators because you're see through.	Yucky Slime – You have a layer of bad tasting slime so predators avoid you.	Mud Drill Nose – Drill into deep sea mud to hide fast.
